

ACME Metals & Recycling, Inc.

Affirming that ACME Metals & Recycling, Inc. and its subsidiaries are dedicated to the recycling of your materials in a safe, efficient, and environmentally responsible manner that complies with federal, state, and local laws. To this end we will not accept the following materials:

Closed, sealed containers of any type: Includes propane bottles, CNG tanks, oxygen & acetylene cylinders, welding type cylinders, air bag gas generators, gasoline/fuel cans or tanks from motor vehicles, lawn mowers, snow blowers, etc. that are not drained.

1) Note: Propane tanks must be purged with shut offs removed or with an adequately sized inspection hole.

Empty drums, barrels, or other containers: Marked as containing or suspected of containing liquid, powder, gases, fumes, etc. that may be hazardous or potentially hazardous.

Empty underground storage tanks: Not accepted unless certified clean per ACME Metals & Recycling Inc. "Tank Acceptance Policy".

Cracked or leaking batteries: Not accepted unless bag-sealed.

Scrap containing hazardous residues: Includes PCBs, asbestos, Freon/CFCs, mercury, cadmium-containing materials.

Radioactive materials: Includes contaminated materials or anything marked with a radioactive symbol.

Asbestos-containing materials: Includes insulation on equipment, pipes, or boilers.

Metal mixed with non-metallic materials: Includes tires, glass, plastic, concrete, wood, brick, insulation, roofing, or soil.

Military-grade ordnance, firearms, or ammunition shells: Includes any explosives.

Hospital/medical scrap: Not accepted unless certified free of radioactive and biohazard contamination.

Nickel-Cadmium or Lithium-Ion batteries: Not accepted in any form.

Free-flowing oil or fluids: Includes antifreeze, paint, or any that require special handling.

Whole vehicles or reusable parts: See ACME Metals & Recycling Inc. "Auto Scrap Acceptance Policy".

Hazardous waste: Listed chemicals or materials under 40 CFR 261.20 (Ignitable, Corrosive, Reactive, Toxic).

Stolen materials: "If you don't own it, we won't buy it."

Regulated, prohibited from accepting: (Example: Catalytic Converters)

Non-metallic rubbish: Tires, wood, paper, garbage, dirt, sludge, etc. May result in load rejection or disposal fees.

The company, in accordance with applicable laws, will enforce our inbound scrap quality program by utilizing specialized equipment, and the careful inspection of incoming loads.
